## ABOUT ME

I am a dedicated Data Analyst and Data Engineer with expertise in Python, SQL, and data visualization. Equipped with strong problem-solving abilities and a proven track record of optimizing data workflows, I am enthusiastic about generating data-driven insights. My proficiency in analyzing intricate datasets, combined with a commitment to staying current with industry trends and emerging technologies, enables me to provide valuable contributions. I am excited to leverage my skills in building robust data pipelines, collaborating within a dynamic team, and making a significant impact on data-driven decision-making processes.

## WORK EXPERIENCE

### Jan 2023-Jun 2023 DEVELOPER & COMPUTER INSTRUCTOR (CONTRACT)

Govt. Associate College Salarwala CKJ Faisalabad.

Teach, guide, assess students. Create lessons, provide hands-on training. Assist with tech issues, offer support. Promote positive learning. Stay updated with industry trends.

### Aug 2022-2023 DATA ANALYTICS (INTERNSHIP)

Connation Technology, Faisalabad.

Data Handling: Collect, clean, and manage data from various sources.  
Exploratory Analysis: Find patterns and insights through data exploration.  
Data Preparation: Transform data and merge datasets for analysis.  
Statistical Analysis: Apply stats techniques to validate hypotheses.  
Data Visualization: Create informative visualizations and dashboards.  
Collaboration: Work with cross-functional teams and engineers.  
Reporting: Summarize findings for technical and non-technical audiences.  
Ethics and Compliance: Ensure data privacy and adhere to regulations.  
Problem Solving: Address business challenges with data-driven solutions.
